NOTICE OF CLINIC CLOSURE MARCH 22ND 2024

Dear Patients,

26th January 2024

I do hope that this finds you well and please forgive me for the generic nature of this correspondence.

After much thought and consideration and with very mixed feelings, I have decided to close my Physiotherapy clinic with effect from the end of March 2024. I am therefore writing to inform you of this closure and to express my sincere gratitude to you all.

After spending the initial part of my career working in various NHS hospitals, I then started my Physiotherapy clinic 22 years ago at Wodson Park. I have been very fortunate to have built a busy and successful practice over those years.

This year marks 40 years since I started training as a Physiotherapist, qualifying in 1987 and starting my career in the NHS at Barnet General Hospital. It has been an amazing journey and I have met some wonderful people along the way. It has been an absolute privilege and pleasure to be in my position as a Physiotherapist, however, I now feel that the time is right for me to take a different direction.

I would like to say a massive thank you to all of you for your very valued and loyal custom, your recommendations, your invaluable support and in so many cases, your friendship over the years and hopefully beyond.

I wish you and all your families the very best of health, happiness, and peace for the New Year ahead and in the future.

Warmest wishes and huge thanks

Jo
